

19 November 1980

MEMORANDUM FOR: Coordinator for Academic Relations

THROUGH: NFAC/PME/AG

FROM: R. M. Huffstutler  
Director of Strategic Research

SUBJECT: Visit to the University of California and to  
Stanford University

1. Mr. Harry Kreisler, Institute of International Studies, University of California, has invited me to attend a meeting with several faculty members from the University on the evening of 24 November 1980. I will join a few of the faculty members for dinner and then meet other faculty members at the home of Dr. Carl Rossberg, Director of the Institute. This group meets periodically to discuss international issues and my role at this meeting will be to discuss the major issues of the 80's facing the Agency. Of course, my discussions will be general and will be in consonance with security considerations.

2. I will meet with students at Stanford University on 25 November 1980. Mrs. Betty Herring, Center for Russian and East European Studies, has scheduled two sessions for interested students in the Student Union building. My remarks will be geared towards informing students what the Agency does, where OSR fits in and the type of people we seek for analysts. The OP&M recruiter [REDACTED], will be attending these meetings with me.

STATINTL

3. I plan to meet informally with interested faculty members at the University of California and Stanford on 26 November 1980.

STATINTL

[REDACTED]  
R. M. HUFFSTUTLER

R. M. HUFFSTUTLER, DIRECTOR, OSR
